

CADEMUSA

Made with Organic Grapes

ROSE'
Terre Siciliane Igt
Vin Biologique

Vineyard Area

Gibellina hills, 200 and 300 meters above sea level

Pruning

Guyot

Density of plants

3800 - 4200 / hectare

Alcoholic content

12,5 % vol

Yield x hectare

12000 Kg

Soil

Shallow soils of medium texture
calcareous clay.

Winemaking

Made from early harvested with cold skin maceration for 6 hours. A small portion is also obtained by the process of "bleeding" which separates part of the red grapes must destined for red fermentation. Fermentation at 12°C to conserve fresh aromatics.

Tasting notes

Cademusa Rosé is made from Organic grapes grown in the beautiful foothills of the Belice Valley in Sicily. The combination of these varietals creates a bright, fresh, balanced, young and modern wine. It aligns with the delicious hints of strawberries. It is at the same time well structured, elegant and fruity.

Packaging information:

Bottle size: **75 cl**

Bt per case: **12**

Shelves: **5**

Cases per shelf: **15**

Cases per pallet: **75**

Pallet: **102 x 122 CHEP**
